PROJECTS

Yummage - TKH [<https://yummage.onrender.com/>]

June 2024

- Developed and designed a full-stack recipe application enabling user registration, login, and profile management. Features include recipe upload, edit, deletion, and exploration, with all data saved to user profiles. Render deployed
- Programmed a full-stack recipe application for users to be able to upload personal recipes, view, save and interact with other user's recipes
- Incorporating Agile/Scrum Methods to allocate and organize tasks between team members and track the duration of each sprint/phase of the project
- **Languages & Tech:** HTML, CSS, Tailwind CSS, JavaScript, React, MongoDB

New Media Art Studio Site Mockup [[Figma Project Prototype](#)]

April 2024

- Conceptualized, designed & prototyped a version of the studio website that is more accessible and interactive
- Created to visualize a more user-friendly, effective, and efficient studio site for students, professors and studio staff
- **Design:** Figma

React Portfolio - TKH [<https://www.nishatfarhana.com/>]

Mar 2024

- Programmed a Single Page App (SPA) using React to create a portfolio that displays previous work; deployed with Vercel
- **Languages:** HTML, CSS, JavaScript, Vite, React, React-Router-DOM

Anime API - TKH [[Github Link](#)] [[Site link](#)]

Dec 2023

- Programmed a web application that fetched data from Jikan API that is user-friendly and visually dynamic
- **Languages:** HTML, CSS, JavaScript (Vite, Axios)

EDUCATION

BARUCH COLLEGE | New York, NY | BBA in Computer Information Systems | Minor in New Media Arts

Jun 2023
